For
*Sewer CCTV Inspection
& Condition Assessment***

RFQ ID: 7690/14

**March
2014**

1 INVITATION FOR PROPOSAL

Quotations are invited to undertake a condition assessment via CCTV inspection of selected sewer mains in the Bowral Sewerage Scheme within the Wingecarribee Shire. Quotations must be submitted through the [NSW e-Tendering](#) website. Submissions are to include a completed Request for Quotation Form and Pricing Schedule as in Attachment A.

The contact officer for all enquiries is;

Mr Tim Bell, Modelling & Systems Engineer, Wingecarribee Shire Council (WSC).

Telephone 02 4868 0816, e-mail tim.bell@wsc.nsw.gov.au

All quotations are to be submitted by 12pm on 21st March 2014 via the [NSW e-Tendering](#) website.

2 PROJECT BACKGROUND

Wingecarribee Shire is located in the Southern Highlands of NSW with a population of approximately 43,000 and covers an area of 2,700 square kilometres. The shire contains six Sewage Treatment Plants located at Bowral, Mittagong, Moss Vale, Berrima, Bundanoon and Robertson. The sewer network comprises of approximately 641 km of sewer mains within the network varying in age and condition. This project is associated specifically to 8.1 km of sewer mains within the Bowral sewer scheme.

3 PROJECT OBJECTIVES

The Contractor is to carry out a condition assessment of the sewer mains within the Bowral sewer scheme as outlined in clause 4.1. The inspection of the conduits is to be done by CCTV camera in accordance with the Water Services Association of Australia (WSAA) *Conduit Inspection Reporting Code of Australia*. The computer software *Wincan V8* shall be used to undertake video recording and defect coding of all inspected mains, as well as reporting on the condition of the sewer mains.
