Description: Sydney Olympic Park has hosted the world’s biggest events over the past two decades, with exceptional moments of triumph and delight. The Park is now entering a new stage of its evolution into a vibrant place to live, work, learn and play – a place for everyone.

Sydney Olympic Park Authority is now seeking Expressions of Interest from experienced urban designers, landscape architects and architects to participate in a two-stage design competition to transform and activate the public domain areas surrounding ANZ Stadium.

This Expression of Interest process will be followed by a design response phase for shortlisted candidates.

The EOI process will be open until 8 October 2019, with the commencement of the design phase scheduled for 4 November 2019. The competition winner is expected to be announced in late February 2020. Entries are being encouraged from outstanding local, national and international urban designers, landscape architects and architects.

A prize of \$100,000 is on offer to the winning design team to offset the costs of participating in the design competition, in addition to the contract to undertake detailed design of the Stadia Precinct.

The design competition will be underpinned by the following themes:

- To celebrate the Olympic spirit
- To create a place for people
- To establish a green heart

Procurement Method:

Open / Public Tender

Timeframe for Delivery:

The EOI process will be open until 8 October 2019, with the commencement of the design phase scheduled for 4 November 2019. The competition winner is expected to be announced in late February 2020.
